DOCTORAL DISSERTATIONS

Accepted by American Universities

Compiled for the Association of Research Libraries by

Arnold H. Trotter and Marian Harman

This is an essential, annual tool for researchers. Under several broad subject headings the results of countless hours of study and experimentation are recorded and briefly described. Where and how to obtain these findings are detailed; obviously sound insurance against wasteful duplication. Subject and author indexes, charts and other lists present a comprehensive picture.

List of Compilations still available:

Library Bureau can help you cut costs—in many ways

Most libraries come to Library Bureau first when they need the finest in technical library equipment. But did you know that Library Bureau, as one part of Remington Rand Inc., can supply you with information covering the broad range of business equipment that is streamlining operations and cutting costs each

day in industry and business throughout the world? There is room here to list only a few of these items—so use the handy coupon below for free descriptive literature. And ask your Remington Rand Library Specialist about the many ways in which we can help you save needed library dollars.

"Take a Letter." You can cut typing costs and increase typing output anywhere from 10 to 50% with the new Remington Electri-conomy Typewriter... the typewriter that turns out superb, distinctive letters, and clear, legible multiple copies of reports with less effort. Ask for Booklet RE8499.

"Photocharger at the Brooklyn Public Library." This modern method of charging books saves time by (1) immediate return of books to the shelves (no need for 'slipping') and (2) simplified procedure in preparing overdue notices. Folder S1835. Ask also for information on Kard-a-Film, for a 60 to 1 saving in space needed for correspondence. Folder F299.

"New Remington Rand Copyfix." With this new copying device, anyone on your staff can make finished, photo-exact, positive copies of pages in a pamphlet or an article in *less than a minute*. No special installation required—Copyfix plugs into any standard electrical outlet. Ask for Booklet P334.

"The Remington Rand Electric Adding Machine." For all your figuring work, this Electric Adding Machine gives you maximum speed and accuracy. Completely electrified feature keys and simplified 10-key keyboard assure lightning-fast addition, listing, subtraction, and multiplication. Ask for Booklet AD567.
